

#### CONCEPTUAL DESIGN – FOR PORTFOLIO / LEARNING PURPOSES

This drawing represents a conceptual integrated Solar PV, BESS, and EV charging site layout.

The drawing shows the major equipment locations and conceptual cable routing between the Solar PV array, PV combiner/protection, solar inverter, AC distribution, BESS, EV charger, and EV parking area.

Detailed electrical ratings, cable sizes, protection settings, thermal calculations, civil details, and safety approvals are outside the scope of this conceptual drawing.
